

One of the most interesting miracles in the Old Testament was in 2 Kings 13:20 when Israelites, afraid of Moabite raiders, threw a man's body into Elisha's tomb. When the body touched Elisha's bones, the man arose from the dead and stood up on his feet. Imagine the awe of the pall bearers at this sight! Here was a dead man who gave someone life!

Today we celebrate a similar occasion, for when we partake of these symbols of the blood and body of Christ, we too are given life. But Christ is no longer dead, and this life will be eternal life with Him. We should also stand in awe of such power as we embrace His gift of Grace.
